\$1,500 Sign-On Bonus!

Are you new to the work force or looking for a change but are unsure if manufacturing is the right fit for you? If you are someone who enjoys taking pride in their work and can work well individually, but also contribute to a team, then you might feel like this is a good fit for you!

F&M Plastics is in search of new team members who are looking for a career opportunity in an employee-focused company with opportunities to grow while enjoying competitive wages and an excellent benefit package. Ideal candidates would have a strong work-ethic with good attendance record and the ability to work within a team environment while also successfully completing tasks individually. Our friendly environment starts every employee with training on day 1 and encouragement to grow upon the skills and talents they are equipped with. Our first shift currently works four 9-hour days then ½ days on Friday and second shift works four 10-hour days. Our facility is located within the beautiful city of Osceola, WI and we have entry-level and experience positions available for hire right now!
